### **About BioFinance 2009**

BioFinance 2009 is the leading investor conference in Canada for the life sciences and cleantech industries. This three-day event brings together key industry players interested in investment opportunities and issues affecting companies in the life sciences and cleantech sectors. Participants include senior life science executives, institutional and private equity investors, industry analysts, corporate finance executives and experts from the scientific and medical communities in Canada, the US and Europe.

### **About Critical Outcome Technologies Inc. (COTI)**

COTI is formed around a unique computational platform technology called CHEMSAS<sup>®</sup>, which allows for the accelerated identification, profiling and optimization of targeted small molecules potentially effective in the treatment of human diseases for which current therapy is either lacking or ineffective. COTI's business is focused on the discovery and preclinical development of libraries of novel, optimized lead molecules for the treatment of specific cancers, HIV and multiple sclerosis. Currently, five targeted libraries of lead compounds are under active development: small cell lung cancer, HIV integrase inhibitors, acute adult leukemia, multiple sclerosis and colorectal cancer.
